We invite you on an adventure around Moonee Valley parks in search of uniquely made knitted, crocheted and sewn items. The items in this scavengers hunt have been lovingly made by young people and older adults as part of a new inter-generational project called Follow the Thread run by Moonee Valley City Council and Valley Youth. They have spent three weeks meeting, connecting and crafting at the Makerspace at Avondale Heights Library.

We'd love to see what item you found! Share it with us via #followthethread and tag @valleyyouthmv, or email youth@mvcc.vic.gov.au

Remember to open just one package, so that others have the chance to find one too!
